

## **ISTANBUL BEYKENT UNIVERSITY SOCIAL CONTRIBUTION POLICY**

Istanbul Beykent University aims to present the knowledge generated through its education, teaching, and research and development activities for the benefit of society. In line with its understanding of social responsibility and sensitivity, using the produced knowledge to contribute to society and reaching wide audiences are among the institution's core values.

The objectives shaped within the framework of the Social Contribution Policy adopted by Istanbul Beykent University are as follows:

- 1.** To educate individuals who are respectful of universal human rights, adhere to ethical values, are equipped with democratic principles, and respect societal values through educational activities.
- 2.** Utilizing outputs from research and development activities to address the needs and problems of society, thereby transforming them into societal benefits.
- 3.** Collaborating with public and private sectors to develop and implement innovative and sustainable solutions aimed at addressing societal issues.
- 4.** Increasing the participation of disadvantaged groups in the university and developing projects and activities for disadvantaged groups within society.
- 5.** Promoting lifelong learning through educational programs and activities that enable individuals to adapt to changing global conditions and actively participate in society.
- 6.** Ensuring the sustainability of the Social Contribution Policy by maintaining the activities of mechanisms within the institution with the "plan, do, check, act" managerial cycle to enhance its effectiveness and efficiency.

Evaluations are made to monitor the realization of these objectives, and corrective and continuous improvement measures are taken when necessary.
